

I am writing to ask you not to change FM Translators to LPFM. We currently listen to K-LOVE on 88.9, 89.9, and 88.5. It is nice to have a family friendly radio station that we can listen to and not worry about what our three young boys will hear. We also enjoy the opportunity to hear Christian radio as we travel from area to area and even state to state. As a local resident of Yukon, OK I know that many of my friends listen to K-LOVE. I believe that it is in the publics interest to have this radio station available. Thank you, Audrey Harmon
